Peter,

SITLA concurs with the release of \$5,000.00 with the retention of \$3,000.00 to cover the remaining earth work and revegetation.

Thanks!

Hi Jerry,

As discussed yesterday, we've received a request for partial release of Ben Wilcken's ML 50053 reclamation bond. See the draft attached inspection report. He has regraded most of the site.

Paul and I discussed this since yesterday, and are more comfortable with releasing \$5,000 of the \$8,000. The remainder would enable us to finish up what little work remains, as described below:

Mob/demob:	\$1,500 (this is conservative)
Backfill pit & berm off road:	\$1,000 (this would cover about 1 day of work, which is very conservative)
<u>Revegetation</u>	<u>\$500 (this would cover at least 2 seedings)</u>
<b>Total</b>	<b>\$3,000 (this is conservative)</b>

Could you concur with a partial bond release in the amount of \$5,000 until we verify that the remaining work best done with excavating equipment is complete?

Thanks.

Peter
